APRIL 30, 2009

Surgical Council on Resident Education Update

American Board of Surgery

American College of Surgeons

Accreditation Council for
Graduate Medical Education

Association of Program Directors
in Surgery

American Surgical Association

Association for Surgical Education

Mission of SCORE

- Define curriculum for the education of general surgeons in the United States

Competency-based curriculum

- Patient Care
- Medical Knowledge
- Professionalism
- Communication
- Systems-based Practice
- Practice-based Learning

Competency-based curriculum

- Patient Care
- Medical Knowledge
- Professionalism
- Communication
- Systems-based Practice
- Practice-based Learning

Patient care competency

- What diseases/conditions should a graduating general surgery resident be competent to care for?
- What operations/procedures should a graduating general surgery resident be competent to perform independently?

GENERAL SURGERY RESIDENCY

Patient Care Curriculum Outline

2008-2009

Surgical Council on
Resident Education

CATEGORY 3: ABDOMEN – BILIARY

DIAGNOSIS/CONDITIONS

ABAC

- Jaundice
- Cholecystitis
- Gallstone disease
 - Acute cholecystitis
 - Chronic cholecystitis
 - Cholelithiasis
 - Biliary pancreatitis
 - Gallstone ileus
- Acute cholecystitis and biliary dyskinesia
- Gallbladder neoplasms
 - Polyps
 - Cancer (incidental)
- Iatrogenic bile duct injury

ROCKS

- Gallbladder cancer
- Closure of the bile duct
- Choledochal cyst
- Gallstone cholecystitis
- Ampullary mucosal prolapse of CBD dysfunction

OPERATION/PROCEDURES

ESSENTIAL – STANDARD

- Cholecystectomy with/without cholangiogram
 - open
- Cholecystectomy with/without cholangiogram
 - laparoscopic

ESSENTIAL – ADVANCED

- Cholecystectomy
- Common bile duct exploration – open
- Cholecystectomy
- Cholelithostomy or anastomosis
- Operation for gallbladder cancer (when found incidentally)
- Repair acute common bile duct injury

COMPLEX

- Laparoscopic common bile duct exploration

Who we are:

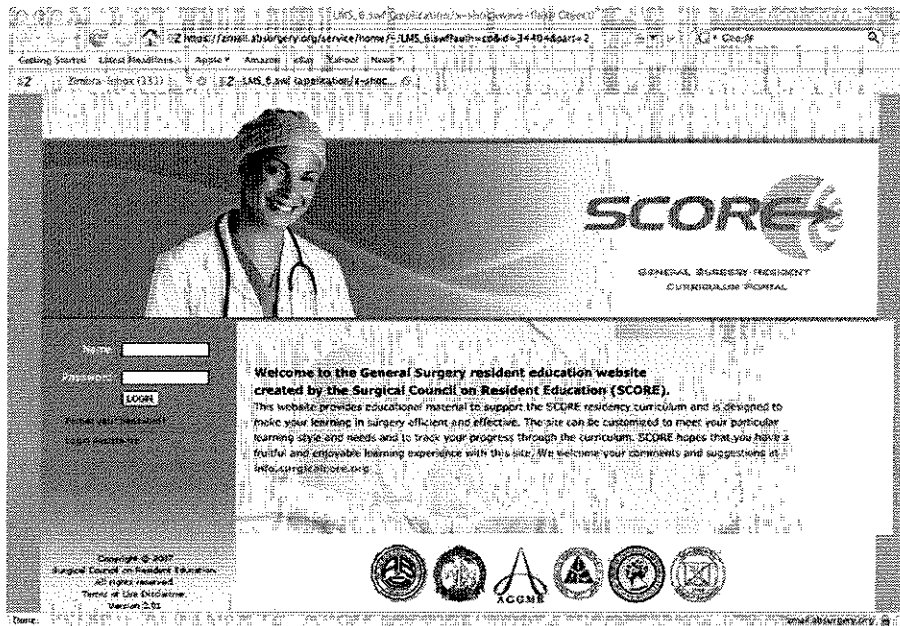

SCORE is administered from within the ABS' office:

Dr. Richard H. Bell Jr. M.D., Assistant Executive
Director, ABS. Chair, SCORE.
rbell@absurgery.org, 215-568-4000

Melissa Banker, Education Project
Coordinator, ABS, SCORE
mbanker@absurgery.org, 215-568-4000

Public Site: www.surgicalcore.org

SCORE Portal Update

Update:

- **Testing** at 32 general surgery programs for phase 1 of the SCORE General Surgery Resident Curriculum Portal.
- **Evaluation** of the SCORE Portal and Curriculum by SCORE Curriculum Evaluation Committee, ABS and APDS.
- **Release** of the SCORE portal at ALL general surgery programs is scheduled for summer 2009.

Overview of SCORE Portal:

- **Curriculum Portal:** Access to disease/condition and operation/procedure modules with objectives, open-ended questions, textbook chapters, and videos.
- **My SCORE:** Edit personal information, bookmark website URLs, and save search results.
- **My Program Manager:** Publish news and announcement messages to your program, manage your resident and faculty users, and create assignments

SCORE portal users

- Residents
- Faculty
- Program Coordinators
- Program Directors

Status...

What you can expect from us:

- **Communication:** websites, www.absurgery.org and www.surgicalcore.org, ABS Newsletter, emails, ACS Clinical Congress and Surgical Education Week
- **Support:** Call 215-568-4000 during office hours: M-F, 8:30 – 4:30p.m. (EST). Email info@surgicalcore.org for response within 24 hours. Scheduled online orientation and training sessions.
- **Expertise:** Behind the development of the SCORE Curriculum are the major surgical organization (ABS, ACS, APDS, ASA, ASE, RRC-Surgery), specialties organizations and surgical educators.

Our expectations of you:

- **Communicate** with PDs, faculty and residents on SCORE portal updates and announcements.
- **Support** PDs, faculty and residents in their usage of the portal, provide local program administration.
- **Feedback** regarding portals impact/effect on surgical education at your program, our approach to implementation, and general portal design and functionality.

What we hope to learn:

- **Implementation** – How can we help you incorporate the SCORE portal with your local curriculum?
- **Transparency** – How can we improve our communication with you?
- **Training** – How can we prepare you for taking on this additional responsibility?
