Fairmont Chicago
Dear Colleagues:

Surgical Education Week (April 8-12, 2014) will occur in downtown Chicago this spring for meetings at the Fairmont Chicago Hotel. The 2014 Joint Meeting of the APDS and ASE focuses our attention on the multiple opportunities and challenges of surgical education in the changing health care environment which provides a wealth of new opportunities and challenges.

Please block off April 8-12 now and begin to make your flight reservations.

Karen Deveney, Ranjan Sudan and Mary Burda have done a terrific job in crafting creative educational components for our program. On Monday, April 7, the APDS will again offer the APDS Program Directors Workshop, spearheaded by Course Directors Alfred Chahine and Benjamin Jarman, an optional opportunity which most Program Directors find to be an indispensable element of Surgical Education Week. This program runs from 8:00 am on Monday morning until 11:30 am Tuesday and brings together key materials (plus a very valuable syllabus/workbook in electronic format) as well as practical experience, advice, and insights, and is equally appropriate for new Program Directors as well as serving as a refresher course for experienced PDs.

The APDS starts things off this year on Tuesday at 12:00 noon with Paper Session #1 followed by the “What is New: ABS, ACGME, ACS, RRC and SCORE Panel”. A panel on the “Role of Residents in Mass Casualties: What Can Be Learned” will follow and Tuesday will conclude with a second paper session. Wednesday morning opens with Paper Session #3 followed by Dr. John Mellinger’s Presidential Address and a panel on “The Challenge of Fostering Resident Autonomy”.

Wednesday afternoon offers attendees two APDS workshop discussions from among twelve different options, the fourth paper session, and an additional panel on the topic “The Appropriate Role of Associate Program Directors”. Thursday morning, the joint APDS/ASE program day begins with the fifth APDS Paper Session, followed by the Keynote Address from Bob Doll, Chief Equity Strategist & Senior Portfolio Manager, Nuveen Asset Management, to discuss “Character Matters”. The Keynote Address will be followed by a fifth paper session and panel on “Milestones in Action: Experience of Some Early Adopters.”

The ARCS program starts Monday morning with the ARCS New Coordinators’ Workshop. The main ARCS program begins Tuesday morning with the ARCS Business Meeting and a session on “Why Join the Executive Committee” followed by the ARCS Keynote Speaker, Greg Risberg. Dr. James Hebert and Peggy Simpson will then give RRC and ACGME updates followed by the Professional Development Session “Getting a 2nd Chance”, a session on “Modernizing the Interview Process for the Preliminary Candidate” and a breakout session. The ARCS Welcome Reception will be held on Tuesday evening. Wednesday morning features TAGME and SCORE updates and the ARCS Presidential Address. The afternoon program begins with “Holding them Accountable: Encouraging Professional Habits without Hand Holding” followed by two breakout sessions. The day concludes with a second Professional Development session and “ABS Update.” The Joint APDS, ARCS, ASE Reception is Wednesday night. Thursday morning begins with two breakout sessions “3 Things You Should Know About FSC” and “Clinical Competency Committee” followed by the APDS Keynote Address and concludes with the session “Chattanooga Surgery – Adversity and Change”.

The ASE will offer four special pre-meeting workshops on Wednesday, April 9 – “Fundamentals of an Academic Career in Surgery Education”, “Use of Surgical Educators to Impact High School Students”, “Troubleshooting Your Clerkship 104” and “Introduction to Educational Research”.

The ASE program begins officially Thursday afternoon with “Thinking Out of the Box” luncheon. The remainder of the afternoon will feature the “What’s New in Surgical Education” presentation by Debra DaRosa, PhD, and two paper sessions.

The Friday morning session begins with two Paper Sessions and two Mini-Oral sessions, the J. Roland Folse Lectureship and then the ASE Presidential Address. Friday afternoon gives attendees the opportunity to attend one of nine ASE workshop offerings, including topics on “Implementation of a National Surgical Core Curriculum”, “Developing a Curriculum on Social Responsibility for Surgical Learners”, “Staying SHARP: Best Practices for Effective Debriefing in Surgery” and the “SERF Forum.” A panel on ASE Collaborations and Initiatives plus the ASE Business Meeting will follow. Friday concludes with the “Celebrating Educational Scholarship” ASE Banquet.

The ASE meeting will conclude at noon on Saturday with a Paper Session, a Mini-Oral Presentation session and panel on “Global Health Initiatives”.

Registration details are enclosed—you can register for one group’s meeting or choose the single fee option which entitles you to attend any and all APDS, ARCS, or ASE events from Tuesday noon through Saturday. Separate registration is needed for the APDS Program Directors’ Workshop, the ARCS New Coordinators’ Workshop, the ASE Fundamentals of an Academic Career in Surgery, ASE Surgical Educators to Impact High School Students, ASE Troubleshooting Your Clerkship 104 and ASE Introduction to Educational Research and ASE Thinking Out of the Box Luncheon. Register early and join us! Consider bringing a resident or student guest.

ASE Banquet

On Friday evening, April 11, the ASE “Celebrating Educational Scholarship” banquet will be held at the Fairmont Chicago, featuring a cocktail reception at 6:30 pm followed by dinner from 7:30 pm until 9:30 pm. The registration fee for ASE meeting attendees includes admission to this event; 1 ticket per registrant will be included in the registration packet. Additional tickets can be purchased for $125 each.

APDS New Program Directors Workshop

The New Program Directors Workshop will be offered on Monday, April 7 from 8:00 am-5:00 pm and Tuesday, April 8 from 8:00 am-11:30 am. The workshop will include a review of key ABS, ACGME, RRC and other requirements impacting surgery residency programs. All new or recently appointed Program Directors and Associate Program Directors are encouraged to attend this special program [separate registration is required]. A reception will be held following the conclusion on the Monday session at 5:30 pm. Self-Assessment CME will be available for this workshop. All registrants will be encouraged to bring a laptop computer as all material will be distributed electronically.
ARCS Residency Coordinators Meeting

On Monday, April 7, from 10:00am–5:00pm, there will be a special workshop for all new Residency Coordinators [separate registration required]. Coordinators will attend special presentations, panels and breakout sessions on Tuesday, Wednesday and Thursday (breakfast is included each day). All ARCS attendees are invited to attend the ARCS welcome reception on Tuesday evening from 5:30pm-6:30pm at Fairmont Chicago Hotel. Registration also includes admission to the Wednesday evening joint cocktail reception for all guests.

APDS/ASE/ARCS Joint Reception

On Wednesday evening, April 9, all meeting attendees are invited to a welcoming reception, from 6:30 pm to 7:30 pm. The location for the reception will be announced.

ASE Thinking Out of the Box Session

On Thursday, April 10, the ASE Curriculum Committee will sponsor a forum for the brief presentation of creative ideas which are educationally sound, but which may not have undergone rigorous analytic proof of efficacy. The idea is to have members share creative ideas that have worked for them. The forum will be held during the "unassigned" lunch hour and a box lunch will be provided by separate subscription. The cost is $35. There is a line on the registration form to register for this program.

ASE Troubleshooting Your Clerkship 104

This annual Clerkship Directors/Coordinators course is designed for both new and experienced Clerkships as well as Coordinators. This year we plan a full day of integrated session with directors and coordinators. In response to feedback from previous years, we will have coffee in the morning and have added a lunch session with panel discussion. Planned topics include: LCME guideline updates, teaching the teacher, EPAs and clerkship certification process. Wednesday, April 9, 8:00 am-5:00 pm. Fee $250. Coordinator reduced rate of $125

ASE Use of Surgical Educators to Impact High School Students

This course is focused on community outreach in the form of educating High School students on the impact of guns. The activity will take place at the Crane Medical Preparatory Magnet High School in Chicago, 20 minutes from the Fairmont Chicago Hotel. The course will consist of simulating the management of a victim of a gunshot using the SimMan. After the simulation activity, a discussion will follow with the students. The discussion will focus on answering questions and assessing the impact of the activity. All members of the ASE are welcome to participate. Monday, April 7, 8:00 am-12:00 pm. Fee $100.

APDS Workshops

APDS Workshops will be held on Wednesday, April 9. Session 1 begins at 12:00 pm, and Session 2 starts at 1:00 pm. Sign-up will take place at the time of on-site registration. Seating is limited and will be on a first-come, first-served basis. Box lunches will be provided during APDS Workshop Session I.

ASE Surgical Education Research Design Course

The curriculum for this course will focus on the development of research questions, building an argument, design of studies, impact of study design on IRB, survey research, critical appraisal of educational research studies and introduction to quantitative research. There will be group discussion of research ideas and practical issues that may impact design/execution. Course is required for all Surgical Education Research Fellows (included in tuition). Open to limited number who are interested in developing their knowledge and basic skills in educational research. Wednesday, April 9, 8:00 am-5:00 pm. Fee $500 for non-surgical education research fellows.

ASE Fundamentals of an Academic Career in Surgery Education

Whether you are a physician, PhD, nurse, or other faculty member already involved in Surgery Education, or whether you are still looking for your academic niche, this course will give you the fundamentals to get started and guidance to advance in your role as an effective Surgery Educator. The 1/2-day course will focus on the basics: What is a Surgery Educator? Obtaining the Skills, Overcoming Challenges, Charting Your Course, and Academic Productivity. Many sessions will be interactive, highlighting the various opportunities and resources available to you in your quest to fully develop your career. Wednesday, April 9, 9:00 am – 12:00 pm. Fee $100.

Area Attractions

Just outside the Fairmont Chicago, the energy of downtown Chicago awaits.
